**DETAILED ACTION**

2. Claim 5 has been cancelled.

**Drawings**

3. The drawings filed on June 2, 2004 are accepted by the Examiner.

**REASONS FOR ALLOWANCE**

4. The following is an examiner's statement of reasons for allowance:

The prior art of record does not render obvious to one ordinarily skilled in the art at the time of applicant's invention nor anticipate the combination of claimed elements including 'segmenting the content file into a plurality of service files according to each service; providing the configuration file, the image file, and the plurality of segmented service files to the BFS, wherein all of said files included in the application are continuously transmitted to the set-top; loading the configuration file and the image file on the set-top; upon request for a service by a user, loading one service file included in the plurality of service files that is associated with the requested service' and 'upon request for a second service, determining available memory capacity; if capacity exists, storing the second requested service in memory; and if there is not enough capacity, determining from the currently stored services the least used service, and deleting the

Art Unit: 2167

least used service prior to storing the second requested service' as recited in independent claim 1.

As per claim 6, the prior art of record does not teach 'wherein the configuration file includes information regarding memory size associated with the service file having the most memory requirement, and wherein a private heap is allocated having adequate memory space to store the service file having the most memory requirement.'

The remaining claims, 2-4 and 7-10, comprise dependent claims, and these claims are patently distinct over the art of record for at least the above reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
